**Combined and Amended Covenants and Restrictions of
Thistlewood Sections One, Two and Three**

The undersigned, being a 2/3 majority of Thistlewood Section One lot owners, a 2/3 majority of the Thistlewood Section Two lot owners, and a majority of Thistlewood Section Three lot owners, are the owners of record of the designated lots platted in the Thistlewood Subdivision One, Instrument No. 847381, Thistlewood Subdivision Two, Instrument No. 86-00062, and Thistlewood Section Three, Instrument No. 8726105.

The undersigned intend to sell their respective property, restricting it in accordance with a common plan designed to preserve the value and residential quality of said land, for the benefit of future owners.

The undersigned declare that the original Covenants and Restrictions of Thistlewood Section One (Plat Book 12, p. 153), Two (Plat Book 11, p. 5), and Three (Plat Book 14, p. 28), are combined and amended so that the lots in those sections shall be held, transferred, encumbered, used, sold, conveyed, leased and occupied subject to the covenants and restrictions hereinafter set forth expressly and exclusively for the use and benefit of said property and of each and every person or entity who now or in the future owns any portion or portions of said real property.

Any reference in these Amended Covenants and Restrictions to subdivision is to be interpreted as including Thistlewood Section One, Thistlewood Section Two and Thistlewood Section Three.

1. Front and side yard building setback lines are established as shown on the previously referenced plats. There shall be no building or structure erected or maintained between the lines and the property lines of the street.
2. All lots in subdivision are reserved for residential use, and no building other than a one-family residence or structure or facility accessory in use thereto shall be erected thereon. This does

hundred (1800) square feet of finished and livable floor area. All garages shall be attached to the residence dwelling and a minimum of two-car size.

4. No building shall be erected, placed or altered on any building plot in this subdivision until the building plans, specifications and plot plan showing the location of such buildings have been approved by the Thistlewood Homeowners Association Board of Directors as to the conformity and harmony of external design with existing structures herein and as to the building with respect to topography and finished ground elevations.
5. No trailer, tent, shack, attached shed, basement, garage, or temporary building shall be used for temporary or permanent residence on any lot in this subdivision. An attached garage, tool shed, or detached storage building erected or used as an accessory to a residence in this subdivision shall be of a permanent type of construction and conform to the general architecture and appearance of such residence.
6. No fences shall be erected in this subdivision between the building lines and the property lines of the streets as shown on the plats referenced above, except with approval of the Board of Directors. Approved fences shall not exceed 72 inches in height and shall be of a decorative nature. Any fences not meeting these criteria must be submitted for review and approval/disapproval of the Thistlewood Homeowners Association Board of Directors.
7. No main structure as described in paragraph 3 shall be erected closer to the side of any lot than 10 feet. No accessory buildings shall be erected closer to the side lot than 5 feet. Where buildings are erected on more than one single lot this restriction shall apply to the sidelines of the extreme boundaries of the multiple lots.
8. No structure in this subdivision shall exceed 2.5 stories or 25 feet in height measured from finish grade to the underside of the eave line, and no structure other than an open porch shall be erected between the building line as designated on the plat and the property line of the street.
9. The utility easements shown on the within plat are reserved as easements for use of city or county in which Thistlewood Sections One, Two and Three are located and public utility companies for the installation, use, maintenance, repair, and removal of sewers, water mains, utility poles, wires, cable, and other facilities and utilities necessary or incidental to the common welfare and use and occupancy for residential purposes of the houses to be erected in this subdivision. No building or structure, except walks or driveways, shall be erected or maintained upon, over, under, or across any such utility strip for any use except as set forth herein, and owners in this subdivision shall take their title to the land contained in such utility strip subject to the perpetual easement herein reserved.

10. No campers, trailers, boats, disabled vehicles, their trailers or the like shall be parked on any lot in this subdivision unless the same shall be parked in a garage or other approved structure by the Board of Directors so that the such item is not visible from other lots or streets in this subdivision.
11. All lot owners will be required to install, or have installed, at least one gas or electric "dusk to dawn" yard light in the front, and the lot owner is responsible for maintaining the light in operating condition.
12. All recreational pools installed on a lot must be permanent, in-ground, and installed by a professional pool company.
13. All lot owners are responsible for maintaining the sidewalk contained within their lot.
14. The drainage easements shown on the within plat are reserved for the drainage of storm water whether by swale, ditch, or storm sewer. No structure other than storm water drainage structures, retaining walls, or elevated walks and driveways shall be erected in, on, over, under, or across any such easement; except that a drainage easement may also be used as a utility strip, and structures permitted in a utility may be erected therein provided that they do not interfere with the flow of water. Owners in this subdivision shall take their title to the land contained in such drainage easement subject to the perpetual easement herein reserved.
15. In the event storm water drainage from any lot or lots flows across another lot, provision shall be made to permit such drainage to continue without restriction or reduction, across the downstream lot and into the natural drainage channel or course, even though no specific drainage easement for such flow of water is provided on said plat.
16. No animals, livestock, or poultry of any description shall be raised, bred, or kept on any lot, except that dogs, cats, or other household pets may be kept, provided that they are not kept, bred or maintained for commercial purposes.
17. It shall be the duty of the owner of each lot in this subdivision to keep grass on the lot properly cut, to keep the lot free from weeds and trash, to maintain landscaping, and to keep the property otherwise neat and attractive in appearance. Should any owner fail to do so, then the Thistlewood Homeowners Association shall take such action as it deems appropriate in order to make the lot neat and attractive and the owner shall upon demand reimburse the Thistlewood Homeowners Association for the expense incurred in so doing.
18. Construction of any sump pump outlet will commence only when appropriate construction plans have been submitted and approved by the proper agencies and applicable permits issued from the local building authority. Where construction will be in established drainage

and/or utility easements, approval must be obtained from City of Carmel or Hamilton County Surveyor. The maintenance of drainage pipes and facilities for discharging sump pumps shall be the responsibility of the individual homeowner.

19. No lot in this subdivision shall be used or maintained as a dumping ground for rubbish, trash, garbage, or other waste, and shall not be kept, except in sanitary containers.
20. No noxious, unlawful, or other offensive activity shall be carried out on any lot in this subdivision, nor shall anything be done thereon which may be or may become an annoyance or nuisance in the neighborhood.
21. No signs of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.
22. For the purpose of maintaining the congenial and residential character of the subdivision and for the protection of the Owners with regard to maintaining property values, a beautiful, well-kept neighborhood, and financially responsible residents, any lease of a property within the subdivision must be for a period of at least twelve (12) consecutive months. After the initial twelve (12) months, a month-to-month lease is permissible between the property owner and tenant. For each new tenancy, regardless of whether the tenant has lived on the property in the past, the lease must begin with a new lease for at least twelve (12) consecutive months.
23. Each owner will pay mandatory, annual dues to the Thistlewood Homeowners Association. If the dues are unpaid for more than thirty (30) days after their due date, the Thistlewood Homeowners Association is allowed to record a lien against the individual lot.
24. Thistlewood homeowners as of June 1, 2012, or earlier, are grand-fathered with respect to their property and articles provided for by these revised covenants as long as they are not in violation of any city, county, or state laws or ordinances.
25. The right to enforce the within restrictions, limitations, and covenants by injunction is hereby dedicated and reserved to owners of lots in Thistlewood Section One, Thistlewood Section Two, and Thistlewood Section Three, their heirs and assigns, who shall be entitled to such relief without being required to show any damage of any kind to any such owner or owners, by or through any such violation or attempted violation.
26. Said provisions shall be and continue in full force and effect for a period of twenty (20) years from the date of this revision and thereafter unless and until an agreement is entered to change, revoke or amend the covenants in whole or in part through a vote of the then owners

of a two-thirds majority of a combined group of Thistlewood Section One, Thistlewood Section Two, and Thistlewood Section Three.

27. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.
28. All submissions to the Thistlewood Homeowners Association shall be either hand delivered to a board member or sent via certified mail. If the Thistlewood Homeowners Association fails to render a decision within 15 days, the homeowner may proceed without approval.

IN WITNESS WHEREOF, the undersigned have signed this Combined and Amended Covenants and Restrictions of Thistlewood Sections One, Two and Three.
